Off-site team building events and outing activities so that everyone can enjoy

WE ARE SEEKING FOR ...

Senior React JS & React Native Developer (Lead Developer)

We search for a talented, highly motivated and experienced react js & react native developer to join our team **full-time**. Your primary focus is to develop web applications and apps for clients all over the world. You will receive graphic designs from our marketing team and build custom sites with the rest of our team. Additionally, you will be responsible to administrate all web applications and apps and to keep them running and up to date.

Responsibilities:

- Responsible for all web applications and apps
- Build and maintain the architecture
- Build reusable components for future use
- Support during the entire application lifecycle (concept, design, test, release and maintenance) as well as the upcoming features and improvements.
- Identify and troubleshoot problems
- Provide estimates for features, bug fixes, upgrades and also new projects

Here is what you need to offer:

- Strong knowledge of React JS & React Native, at least 2 years experience
- Strong knowledge HTML5 / CSS / ES6 / PHP
- Strong knowledge and understanding of SQL and relational databases such as MySQL
- Good knowledge of REST API
- Good experience in iOS and Android
- Good English language skills

Nice to have: Working experience with RapidAPI

HOW CAN YOU JOIN US:

Please share with us your resume and portfolio and describe your tasks at every project. All documents can be sent to jobs@digicube.ch
Application open until **09th of November 2018**
